Seb TERRY

AV REQUIREMENTS:

Computer, Projector, Screen & Audio:

- Seb will send you his presentation ahead of time.
- Presentation, as standard, will be provided in Keynote format (16:9) , although upon request can be shared as a Powerpoint format.
- Cremona (Bold & Regular) and Auttera fonts need to be downloaded.
- Seb will also bring his own MacAir laptop as a backup source. He will require an HDMI adapter if this is the case.
- Presentation has several embedded videos so audio will be needed.
- Seb prefers to use a Madonna Mic or if not available, a lapel mic.
- Seb would prefer an AV check at least 30 minutes before his session. This only needs to be 10-20 minutes.

Thank you!
